

Trade-In Program - Cash for Junkers

Do you have a non-running personal watercraft or boat? GhettoWorks Marine & More may be interested in purchasing it! You have several options if you would like to sell us your non-working watercraft or boat.

1. As always, if you are in looking for a SeaDoo PWC/Sport Boat, SeaArk Boat, Evinrude Engine, or any used watercraft/boat we have in stock, and you have a watercraft or boat you no longer need, we will consider it for trade even if it is in non-running condition. All trade-ins of running or non-running machines are subject to verification, but if you would like to get the most out of your non-running machine, then trading your used unit in on a new one is the way to go!
2. Decided that you no longer have time for water sports? We may be interested in purchasing it outright from you! Although we may not be able to offer as much on outright purchases as you would receive at trade-in or selling your unit yourself, we can offer you a fair deal with instant gratification! If you have a running or non-running watercraft or boat that you have no need for but wish to get out of your way quickly, just bring it on by and we may offer you cash on the spot!
3. Not sure what you want to do in the future, but have a personal watercraft or boat that you no longer have a use for? Trade us your running or non-running boat or watercraft to receive a gift certificate good for any future purchase at GhettoWorks Marine & More! This is perfect if you have a unit which you want out of your way, but aren't sure whether you are going to get a new water toy in the future. Gift certificates are good for up to 1 year, and can be used for any GhettoWorks Marine & More purchase. Be it for a down payment on a new boat or used watercraft, or for some awesome accessories such as wakeboards, kneeboards, life vests and tubes, if GhettoWorks has it for sale, you can use your gift certificate to purchase it!
